## YOUNG DAUGHTER DEFENDS SMITH

Fifteen-Year-Old Girl Denies Testimony Given Before Grand Jury, in Incest Trial Today

### TO MAKE IT APPEAR FRAME-UP

Evident Intention of Defense to Show Ora Cline and Gladys Smith Schemed to Convict Defendant

Long before court opened this morning every available seat in the court room was occupied and people took up positions along the walls. The crowd not only consisted of men but women and girls were also in the crowd, eagerly awaiting the case of Walter S. Smith, charged with incest, to get under way on the second day of its trial.

The state completed its part of the evidence yesterday afternoon and the defense continued with their witnesses today and argument began this afternoon.

The defense is attempting to show that the daughter was not intimate with her father but names Ora Cline and attempts to point out that the case is a frame-up between Cline and Miss Gladys Smith, prosecuting witness, against her father, Walter S. Smith.

Shortly after court convened this morning Miss Smith accompanied by her mother, who is now Mrs. W. J. Lewis, entered the court room and were seated beside Prosecutor Stevens.

This morning Mrs. Lewis swooned in the court room and was taken into an anteroom where a physician was summoned. He stated that she was suffering from a nervous breakdown and asked that she remain away from court this afternoon.

The first witness for the defense this morning was Carey Cross, who testified that he had seen Miss Smith in company with Cline, in the absence of Mrs. Cline.

Herbert Stevens, who was accused yesterday by Miss Smith, was next summoned, and he testified that the letter as introduced yesterday was sent him by Miss Smith while she was staying in Lynn, Ind.

The letter threatened Stevens, telling him to clear Cline of the charge of any undue relations, or else Miss Smith would make it "hard on him."

Mrs. Grace Christopher testified next but did not reveal anything, and when asked the question if she had ever heard Miss Smith remark whose child it was that she had previously given birth to, she said that never heard her say.

Leslie Levi of Osgood stated that last fall Miss Smith and Ora Cline were at their house, and were introduced as husband and wife, and remained some place in Osgood all night.

About ten o'clock, Elsie Smith, the 15-year-old daughter of Walter

## PALMER ACCUSED OF HAVING "COLD FEET"

Changed View of Attorney General on Sedition Characterized as a Plain Case

### RULES COMMITTEE DEBATES

Washington, Jan. 23.—"A plain case of cold feet" was the way Representative Rodenberg of Illinois, republican, characterized the apparently changed views of Attorney General Palmer on sedition, when the house rules committee resumed its hearing on the Graham bill today.

Rodenberg criticized Palmer's failure to appear before the committee in support of the proposed sedition legislation.

The congressman's charges caused heated partisan discussion in the committee. "Representative Pon of North Carolina, democrat, said there was evidence of 'cold feet' nearer home. He declared that Rodenberg's remark was that of political material."

## ARRANGE CHURCH SURVEY

State Head of Interchurch World Movement to be Here Tuesday

M. C. Bishop of Indianapolis, head of the Interchurch World Movement in this state, will meet with the ministers of the county at the First Presbyterian church here next Tuesday afternoon at 2:30 o'clock.

The purpose of the meeting, according to the Rev. C. J. Bunnell, secretary of the Rushville Ministerial association, who received word of Mr. Bishop's coming, is to arrange for a rural church survey in connection with similar work which is being conducted throughout the state. The Rev. Mr. Bunnell specially requests that every minister in the county be present.

## SMALL PERCENT WITHOUT DEFECTS

Out of 366 Jackson School Children Examined, Only 28 are Found Physically Perfect.

### BAD TEETH AND THROATS.

Of the 366 children in Jackson school who underwent a physical examination, only twenty-eight were without defects, according to a report which has just been made. The most common ailment, according to the report of the medical examiner, is diseased teeth and throats. One hundred and twenty-six were found to be suffering with defective teeth and 124 with bad throats.

Defective vision was discovered in 65 children and other defects were listed as follows: Ears; two; nose, eight; skin, two; glands, four; lungs, one; heart, four; flat feet, two.

Children without defects were as follows: Gladys Byard, Lowell Richardson, Virginia Isaac, Thelma Moore, Lowell Wagoner, Mable Montgomery, Noah Alfred, Russell Rankin, Robert Sadler, Dorothy Whitaker, Lucile Lambert, Merle Blevins, Augusta Stephens, Dorothy Boyer, Ralph Boyer, Mary Spivey, Roy Montgomery, Lydia Hunter, Frances Beeraft, India Black, Virginia Lucas, Maxine Brown, Ralph Stant, Gordon Arbuckle, Ralph Sness, Robert Whitaker, Frank Green, Jr., and Clarence Homeldorf.

## INDIANA IN GRIP OF THE ELEMENTS TODAY

Rain, Snow and Sleet Fall in Many Sections, Hampering Transportation and Wire Service

### ICE COVERED PAVEMENTS

(By United Press.) Indianapolis, Ind., Jan. 23.—Indiana was in the grip of the elements today.

Reports from cities throughout the state show that there is sleet, snowfall and rain in practically every section.

Where the rain fell it froze and hoosiers skidded to and fro.

Traction and steam railroads service was delayed. Telephone and telegraph wires were reported in bad condition.

In northern and central Indiana, the reports show that it was either snowing, sleeting or raining.

At Gary, South Bend and Fort Wayne heavy snow fell. At Elkhart it was sleeting and raining at Muncie.

Trolley wires were down. On the line from Indianapolis to Frankfort the wires were on the ground and the line from Indianapolis to Greensburg was badly crippled.

In Indianapolis the pavements were icy and the street car service was hampered.

A glare of ice covered the sidewalks and streets here today and made walking and driving machines more dangerous than at any time for the last three weeks. Rain fell most of the day, making the icy pavements all the more slippery.

## SPEAKERS DWELL ON FARM PROBLEMS

Mrs. C. L. Lindley and R. A. Ogg Address Institute Held in Orange High School Auditorium

### CORN SHOW PRIZES AWARDED

New Officers Are Elected and 74 New Members, 48 Women and 26 Men, Are Added

Although the weather was very unfavorable a large crowd attended the Orange township Fayette county farmers institute held in the auditorium of the Orange high school yesterday.

The meeting opened with a song by the high school followed by an address by R. A. Ogg of Greencastle, Ind., on "Land Owners and Tenants," in which the speaker gave many useful suggestions to the farmers. Following Mr. Ogg's talk Mrs. C. L. Lindley of Salem, Ind., gave a talk especially for the women on "Our Girls and Their Future."

At the close of the morning session a membership committee was appointed and forty-eight men and twenty-six women were added to the membership list.

At the noon hour the women of the club served a bountiful pitch-in dinner to all those present.

The afternoon session opened with the election of officers for the coming year. Those elected were Hal Pike, president; Miss Freda Norris, secretary, and Ray Stevens, treasurer. Mrs. Lindley gave another address during the afternoon session on "Our After the War Problems," in which she discussed the conditions of the country brought on by the recent war and how they must be dealt with. After two beautiful musical selections by Mrs. Howard Pike, Mr. Ogg gave his afternoon talk on "Some Things My Father Have Taught Me."

After the program premiums were awarded in the corn contest by the Fayette county agent, C. M. George, as follows:

Yellow corn—First prize, Price Bever; second, Theron Dawson; third, D. Hartman.

White corn—First prize, Gus Bowen; second, C. E. Bever; third, Newton May.

Mixed corn—First prize, R. W. Bowen; second, Newton May. No third prize was offered in this grade.

The county agent regarded this corn show as one of the best corn displays the county has had.

The institute closed with an instrumental solo by Miss Freda Norris.

## FLUMONIA TAKES FIRST RUSH COUNTY VICTIM

Donald Carr, Age 18, Expires at Great Lakes Training School Where He Was in The Navy

### PARENTS LIVE NEAR HOMER.

Donald Kenneth Carr, son of Mr. and Mrs. LeRoy Carr, living southeast of Homer expired yesterday near Chicago where he was in the navy at the Great Lakes Training School. The young man was 18 years old and his death was caused from flumonia, which is raging in the Chicago district.

The deceased entered the navy about a year ago, after the signing of the armistice, and he was then under age and his parents consented to his entrance into the school near Chicago.

The remains arrived here this morning at 11:30 and were taken to the home of his parents near Homer. He was their only son and is survived by one sister, Mrs. Carey Miller also of near Homer. The funeral services will be held tomorrow afternoon at two o'clock at the Baptist church in Homer and burial will take place in Hurst cemetery. His sudden death was quite a shock to his family and friends who did not know that he was so seriously ill.

## 136 CONVERTS IN 10-DAY CAMPAIGN

Dr. W. P. McGarey Leaves For His Home in Sterling, Kansas, Following Close of Revival

### PRAISES LOCAL ASSISTANCE

The Rev. J. T. Aiken, Pastor of the Church, Comments on Blessings Received During Meetings

The decisions at the First United Presbyterian church last night, when the last of the series of evangelistic meetings was held, brought the total for the campaign of ten days up to one hundred and thirty-six.

Dr. W. P. McGarey, former Rushville pastor who has been conducting the meetings, left this morning for his home in Sterling, Kansas. He carried with him a check for a sum in excess of \$200, which was given to him by generous friends. The contributions last night amounted to \$205 and more were added to them this morning.

Dr. McGarey, preceding the sermon last night, expressed his deep gratitude for the co-operation he had received on every hand and from every source possible. He mentioned the fact that the local motion picture shows had shown slides advertising the meetings and commented on the support given the meetings by the local newspaper. He was also lavish in his praise of the Rev. J. T. Aiken pastor of the church and his wife, for their able assistance as well as that of members of their congregation and the people of other churches in the community.

The Rev. Mr. Aiken also spoke in appreciation of the service rendered by Dr. McGarey in the campaign.

"Words of appreciation of him and his work have been heard on every hand," he said. "Having been a pastor of the Rushville congregation for about eight years, the people who knew him then have appreciated this opportunity of renewing the old friendships and of hearing him preach. Also new friendships have been formed, and as he goes back to his home at Sterling, Kansas, he will be followed with the good wishes and the prayers of all who have sat under his preaching while here. He has preached the good old gospel of salvation through the shed blood of Christ. He has not preached a salvation of works. And his messages have been presented in a manner to grip and hold the attention of his hearers. His skill and tact in presenting his appeal so as to get decisions have been recognized by all. His gifts and personality are such as to fit him admirably for the work he is doing."

## MACHINE SLIDES INTO MOVING TRACTION CAR

Icy Street Causes Automobile Driven by Earl Norris to Crash Into Interurban

### ACCIDENT IS IN ARLINGTON.

Arlington was the scene of a near fatal accident this morning, when a machine driven by Earl Norris slipped on the ice and slid into an I. & C. traction car that was just entering the town. The brakes of the automobile were applied long before the car approached but the icy street caused the machine to continue its course.

The car was just coming into Arlington from the west and the accident happened at the first road west of the station. The machine skidded into the side of the traction car and it was turned completely around, but was not overturned. Had the front end of the car struck the machine it would have probably been more serious for the occupants of the machine.

The automobile was considerably battered in the collision, but the accident was unavoidable due to the slick street. Mr. Norris stated that he heard the car whistle and stopped his engine, but the auto slid into the traction car.

## CAPT. WATSON IS IN FRANCE

Elders Son of Sen. and Mrs. James E. Watson is Sent Abroad

Captain Edwin Watson, eldest son of Senator and Mrs. James E. Watson, has been sent to France and is expected to land at any time, according to word received from Senator Watson in a letter to a Rushville man yesterday.

Capt. Watson enlisted in the regular army during the war, was commissioned a first lieutenant and later promoted to a captaincy. He was on duty for a time at Camp Taylor, Kentucky, and later sent to the spruce production camp in the state of Washington. Since the war ended he has been in Washington. What Capt. Watson's mission abroad is, has not been learned here.

## WOMEN TOWNSHIP CHAIRMEN NAMED

Will Conduct Campaign in Their Respective Communities for Relief of Armenians

### SUPPORT AN ORPHAN PLEA

Chairman for each township have been appointed to conduct the campaign for the relief of Armenian orphans, next month. With one exception, they are all women who will attempt to get enough pledges in their respective townships to make Rush county's allotment of approximately \$5,000.

The pledges are in the shape of agreements to support a given number of orphans for a year. It is estimated that five dollars a month will provide the necessities of life for one child. Two Rushville organizations have already agreed to save one life and other women's societies as well as fraternal and charitable associations are expected to join in the movement.

The women chairmen who were appointed by Mrs. A. L. Stewart, secretary of the county committee, are as follows: Ripley, Mrs. Rolland Hill; Posey, Mrs. John Eaton; Walker, Mrs. Clara Gross; Orange, Mrs. Wilbur Brown; Anderson, Mrs. Claude Crane; Jackson, Miss Elsie Abernathy; Center, Miss Leona Clark; Washington, Mrs. C. L. Swallen; Union, Mrs. Marcus Kendall; Noble, Mrs. Burl Matney. In Richland men will look after the campaign and the county committee will be in charge in Rushville township.

## OPPONENTS OF TREATY ARE ANGRY AT LODGE

Declare They Will Carry Fight Against Him to Convention if He Agrees to Compromise

### REFER TO IT AS A "BETRAYAL"

(By United Press.) Washington, Jan. 23.—Reports that a treaty compromise is about to be reached in the bi-partisan conference in Senator Lodge's office today, roused the Borah-Johnson group of senators to a high pitch of indignation against Senator Lodge.

They obtained all possible information considering the secret conference and then declared that they notified Senator Lodge that if he "betrayed" them by agreeing to the compromise now proposed, they will refuse longer to recognize him as a party leader and will carry the party fight into the republican primary and republican national convention, fighting Lodge all the way.

The determination, it was understood, was the reason Senator Borah voted yesterday with the democrats to hold up the resolution to keep the Hale sub-committee from employing counsel for the naval investigation. Members of the Borah-Johnson group claimed to have proven Lodge's weakness on Article 10, voting power and the preamble.

Senator Ashurst, Arizona, democrat, declared the treaty should be ratified regardless of President Wilson's views.

## DEPENDENCY IS CLEARLY DEFINED

Collector of Internal Revenue Explains Additional Exemption Granted Income Taxpayers

### WHAT HEAD OF FAMILY MEANS

Must Support Close Relative at His Own Home in Order to Come Under This Classification

In order to clear away misunderstandings as to what constitute dependency, in connection with the additional exemption granted income taxpayers, Collector of Internal Revenue Elder today gave out the following statement:

For 1919 a taxpayer may be allowed a credit of \$200 for each person for whom he is chief support. But it must be remembered that he can claim this additional exemption only with respect to children seventeen years or age or younger and persons mentally defective, cripples and persons old enough to be without question physically incapacitated for self support.

If the taxpayer contributes to the support of some relatives or other person who is over seventeen years of age, in fair health, and still active, he cannot be allowed the additional \$200 even if he is furnishing the chief support.

The very different requirements of the two exemptions. ("head of a family" additional \$1,000; "dependent" additional \$200) must not be confused. To be the "head of a family" the person whom he supports must be a close relative, must live with him, and he must be such relative's sole support. To be entitled to exemption for "dependent" the person whom he supports does not have to be a relative, but can be any child or any cripple or defective; the child or incapacitated adult may live anywhere; and it is necessary that he furnish only more than half of the support.

The chief difference is that for "head of a family" the restriction is to close relatives, the evident object of which is to promote the home; for "dependent" the restriction is to children under eighteen years of age or persons mentally or physically defective, the object of which is to recognize material assistance given to those who cannot help themselves.

A son, who has left home, but who still sends to his mother more than half of her support with enough

## HOLLAND CONSIDERS THE ALLIED DEMANDS

Allies Want Extradition of the Former Kaiser and Holland Will Protect Her Legal Rights

### MAY CAUSE UNFRIENDLINESS

(By United Press.) Paris, Jan. 23.—Definite information reached here this afternoon that the Dutch government's reply to the supreme council's request for the extradition of the former kaiser will be a refusal.

The Dutch reply had not been received here at a late hour this afternoon.

London, Jan. 23.—The Dutch reply to the allied demands for the extradition of the former kaiser is under consideration according to advices from Amsterdam today.

The Dutch press demands that Holland protect her rights of legal authority even if it may cause unfriendly feelings on the part of the allies.

The entente demands must be rejected, said one newspaper, on the ground that no act is punishable if at the time it was committed it was not a crime. "We do not want to sympathize with the kaiser and furthermore it is not a question that we do not wish to cooperate with the allies," said one newspaper. "It is a question of righting about justice that will satisfy one party alone."

We are authorized to announce the  
name of Richard N. Elliott of Conners-  
ville as a candidate for congressman  
from the Sixth district, subject to the  
decision of the Republican primary  
election on May 4, 1920.

### FOR SHERIFF

We are authorized to announce the  
name of Sidney L. Hunt of Rushville  
township as a candidate for Sheriff of  
Rush county, subject to the decision of  
the Republican primary election on  
May 4, 1920.

We are authorized to announce the  
name of John W. Kennedy of Rushville  
township, as a candidate for Sheriff of  
Rush county, subject to the decision of  
the Republican primary election on  
May 4, 1920.

We are authorized to announce the  
name of William C. Morgan of Rush-  
ville township, as a candidate for  
Sheriff of Rush county, subject to the  
decision of the Republican primary  
election on May 4, 1920.

### FOR AUDITOR

We are authorized to announce the  
name of Phil Wilk of Rushville Town-  
ship, as a candidate for Auditor of  
Rush county, subject to the decision of  
the Republican primary election on  
May 4, 1920.

We are authorized to announce the  
name of William R. Martin of Union  
township, as a candidate for Auditor of  
Rush county, subject to the decision of  
the Republican primary election on  
May 4, 1920.

### FOR TREASURER

We are authorized to announce the  
name of Charles A. Hunt of Rushville  
as a candidate for re-nomination for  
Treasurer of Rush county, subject to  
the decision of the Republican primary  
election on May 4, 1920.

### FOR COUNTY CLERK

We are authorized to announce the  
name of Loren Martin of Rushville  
township, as a candidate for County  
Clerk of Rush County, subject to the  
decision of the Republican primary  
election on May 4, 1920.

### FOR SURVEYOR

We are authorized to announce the  
name of Frank L. Cat of Rushville  
township, as a candidate for Surveyor  
of Rush county, subject to the decision  
of the Republican primary election on  
May 4, 1920.

### FOR PROSECUTING ATTORNEY

We are authorized to announce the  
name of John F. Joyce of Rushville as  
a candidate for nomination for Prosec-  
uting Attorney of Rush county, sub-  
ject to the decision of the Republican  
primary election on May 4, 1920.

### Another Surrender to Unions

The moves in Washington yester-  
day, after Samuel Gompers came  
out openly against the two sedition  
bills before the congress, will arouse  
suspicions of persons not even in-  
clined to be skeptical. News dispatches  
inform us that after Gompers  
threw the weight and influence of  
organized labor against the meas-  
ures which are designed to curb ra-  
dicalism, there was a hurried confer-  
ence at the white house and shortly  
thereafter, Attorney General  
Palmer sent a statement to the  
committee, declaring he supported  
neither one of the measures. Fur-  
thermore, he made no direct recom-  
mendation that he favored any law  
to suppress bolshevism in this coun-  
ty. It has always been the complaint  
of the department of justice that  
there were not adequate laws to  
deal with native Americans who

## Sap and Salt

By BERT MOSES

You soon tire of anything that  
was easy to get.

Enthusiasm is no good if the  
judgment back of it is bad.

Hez Heck says: "The main thing  
a man wants in a wife is sense."

Did you ever notice that real  
smart men seldom run much to  
noisy neckties?

There is a period in a girl's  
life more when she can "put on  
long dresses."

When a man has courage enough  
to go it alone, it doesn't matter  
much what comes along.

plotted to overthrow the govern-  
ment.

This change of front on the part  
of the attorney general and the  
events leading up to it are enough  
in themselves to raise a question in  
the mind of the average person. It  
does not require any effort to re-  
call the circumstances during the  
war when the government surren-  
dered to the railroad men after they  
threatened to strike. Is this a similar  
surrender on the part of the admin-  
istration to organized labor? Many  
will ask the question and the next  
few months will likely provide an  
answer.

### Returning The Soldier Dead.

Representative Oscar E. Bland of  
Indiana is doubtful of the sincerity  
of the war department in its promise  
to return to this country the bodies  
of American soldiers who were killed  
in France. He expressed this senti-  
ment in a recent address in Wash-  
ington held in the office of Chief  
Justice McCoy of the district su-  
preme court who is greatly interested  
in securing legislation on this mat-  
ter from congress. Chief Justice  
McCoy recently went to France to  
locate the resting place of his son's  
body.

In pointing out some of the mis-  
management on the part of the war  
department in the return of some  
bodies recently, Rep. Bland told of  
an incident connected with the re-  
turn of three bodies. One was to go  
to Maine, one to Wisconsin and the  
third to Indiana. One mother insisted  
that the coffin be opened as soon as  
it arrived and she discovered that  
the body was not that of her son.  
Mr. Bland said that inquiry showed  
that not one of the three bodies had  
reached its proper destination. "I am  
not sure how or why it happened",  
he said. Since, he declared, the war  
department is not in sympathy with  
the movement to return the bodies,  
he intimated that poor management  
in the distribution of the bodies  
might have been propaganda to dis-  
courage the sentiment for their re-  
turn. On the theory that the mothers  
were promised the return of the  
boys in the even of fatality, Mr.  
Bland said that promise should be  
kept. "No matter how much money  
it would cost," he said, "that job  
should be done."

### Good in Theory, But—

On one of the arks deporting a  
load of Reds to Russia it was no-  
ticed that some of the bewhiskered  
clan were plentifully supplied with  
money, while others were practically  
"strapped".

A government agent, discovering  
this variance in the sizes of their  
"piles", naively suggested that, in  
view of their teachings, it would be  
appropriate for them to pool all of  
their wealth and then make an equal  
distribution.

The howls of protest which arose  
from the moneyed ones among the  
Reds nearly swamped the ship.

The government has done well so  
far in ridding the country of the  
worst of those aliens who have been  
plotting to overthrow the govern-  
ment. But don't stop at that. Keep  
right on until there is not a disloyal  
person left within our borders. We  
lived very comfortably before they  
intruded themselves into our lives,  
and we can get along very nicely  
after they have been kicked out.

Sam Gompers says the countries  
with few strikes are the most back-  
ward in the world, which leads to the  
presumption that there is nothing  
backward about our good old U. S. A.

Assistance from the Carnegie  
Foundation in building a public li-  
brary would be greatly appreciated  
by most of the people of Rushville,  
but there might be a few "conscien-  
tious" folks left who would object  
to accepting "tainted" money.

Representative Elliot's success-  
ful fight against "pork" legislation  
at this session of congress is not the  
kind that is calculated to win votes.

Nothing is ever new for long in  
this country. 1920 is already becom-  
ing an old story.

### Our Daily Laugh

New and Bright Yarns That  
Will Tickle You and Will  
be Relished by Your Friends  
When You Repeat Them.

A brisk application of soap and  
elbow grease made Master Robert's  
face look like a prize apple at a  
county fair with a woolen cap on it.  
His mother kissed him and handed  
him five cents and said,

"The five cents is for Sunday  
school."

At half past twelve the youngster  
toddled home busily eating a bar of  
chocolate. His mother quite natu-  
rally queried;

"Who gave you the candy?"

"I bought it."

"Where did you get the money?"

"You gave it to me, Muvver." She  
was shocked.

"Yes, but that was for Sunday  
school."

"It didn't cost. The minister he  
meeted me by the door and passed  
me in free."

**CASH PRIZE OFFER:** A prize of  
\$1.00 will be awarded each contributor  
of a joke to OUR DAILY LAUGH which  
we accept. Only new jokes, those never  
before published, are considered.  
Contributions will not be returned un-  
less stamped envelope bearing your ad-  
dress, is enclosed. Mail stories to con-  
test editor, Daily Republican.

## How Acme Worm Bouncer Expells Worms

When the hogs and pigs eat anything the Free Intestinal worms  
do not like, they lay dormant. The hog which is fed **ACME  
WORM BOUNCER** in the SELF FEEDER eats a little—several  
times a day. The **WORM BOUNCER** goes into the stomach and  
intestines **STRAIGHT**. The time comes when the worm must eat  
and when he does, the **ACME WORM BOUNCER** PARALYZES  
the worm—he then must let go—and in that manner the **ACME  
WORM BOUNCER** expells the worms and **EXPILLS THEM  
ALIVE** from 5 to 7 days after you commence to feed **ACME  
WORM BOUNCER**.

**ACME WORM BOUNCER** is fed with perfect safety to all  
pregnant animals, whereas any remedy that kills the worms in the  
INTESTINES AND STOMACH is very injurious to the animal  
and very dangerous to use.

**R. G. WELLMAN, Agt.**

### SEASON OF 1920

We are again ready to serve the public with first class  
**AUTOMOBILE PAINTING** in the best possible manner.  
Fine special work, done very reasonable. Giving us the greatest  
for large business this year, we advise you to come early.

# Nobody Knows How I Suffered

Hardly Walk or Do Any Work For 15 Years—Now Well and Strong

Before I began Tanlac it had been fifteen years since I was able to do my housework; today I only did all my housework, including a big days laundrying, but I had down town. That is what Tanlac has done for me.

This was the statement made by Mrs. Clara Wys, of 201 Peoria, East Peoria, Ill., in the Sutherland and Case Drug Store recently. During the restoration to health by Tanlac she spoke of her remarkable restoration to health by Tanlac as follows:

For fifteen years I had been in a deplorable physical and nervous condition that I had to keep in bed and rest all the time. They had to muffle the telephone and keep all depressing or exorable news from me and I could not even read the newspapers. My stomach was in such a weakened condition that everything I ate disgusted me dreadfully, even such things as milk and toast giving terrible pains around my stomach.

I kept getting weaker and weaker and finally got so I could hardly walk alone. Nothing did me any good and I got so blue I would cry hours at a time. No one knows how I suffered and how I longed for health—just health without riches or anything else, for all the riches in the world wouldn't have helped me.

One day my husband brought me a bottle of Tanlac, and told me how good it had done other people. The first improvement I noticed was that shortly after I began taking the medicine I slept all night one night for the first time in several years. Then I began to get hungry that I scared me and I didn't eat at first, but finally I was so hungry I simply had to eat. I was very much surprised to find that it did not hurt me. From that on my improvement was steady, and I never let up on Tanlac until I took eighteen bottles.

Now I never know what it is to be nervous. I can enjoy every day with my family and when mealtime comes I sit down and eat as heartily as when I was a girl. All my aches of health and happiness come true and I shall praise Tanlac as long as I live.

Tanlac is sold in Rushville by F. Johnson & Co., in Milroy by Dal-Copper; in Manilla by Geo. J. Low; and Arlington by Mrs. L. T. Vis.—(Adv.)

## Personal Points

Mr. and Mrs. Fred Clevenger will leave in the morning for West Baden, Ind., for a few week's stay.

Mrs. Minnie Abernethy went to Shelbyville this afternoon for a visit with her sister, Mrs. John Horst.

Mrs. Ora Smith and son, Ralph have returned to their home in this city after spending a few days with friends in Milroy.

Mrs. Leila Retherford will leave next Monday for Houston, Texas, for an extended visit with her brother, Robert Kelly and family.

Mrs. Ralph Harold and daughter of Joliet, Ill., who have been visiting friends in Shelbyville, returned here today for a short visit before returning home.

Mr. and Mrs. Roy H. Jones will leave next Tuesday to spend the remainder of the winter in the south. They will probably stop at Jacksonville, Florida first and may go on to Havana.

Mrs. Emma Miller, pastor of the United Brethren church, will leave next Monday for Abilene, Kansas to conduct a series of protracted meetings and will be gone two or three weeks.

## DEPENDENCY IS CLEARLY DEFINED

Continued from Page One

regularity that she may depend on it, can be allowed the additional \$200; provided however that the mother has become sufficiently aged to be without doubt physically incapacitated for self support. Otherwise, the amount contributed must be considered as a gift, not deductible as an expense and not entitling her to the additional exemption regardless of amount.

A father may claim the exemption for every child under eighteen years of age. But if one of his children receives, from some estate or otherwise, sufficient distributed income to provide for the expense of his support in the station of life in which he is placed, the father cannot claim the exemption with respect to that child, for, although the child is legally dependent upon him he is in fact financially independent.

## Are You A Farmer?

## 136 CONVERTS IN 10-DAY CAMPAIGN

Continued from Page One

mirably for such work as he has been doing in our city, and we believe God will use him in a large way in this sort of work.

"His work in Rushville has not only brought a great blessing to the local church, deepening its spiritual life, and adding a good number of new members to it, but it has moved our city, and set in motion spiritual forces which we trust may give an impetus to the work of soul winning through these coming months, in all our churches."

In his closing message to a crowd which again filled the church, Dr. McGarey said that there were three words he wanted them all to remember although they should forget all else he had preached and all the stories he had told. These three words were: "Condemnation, Substitution and Appropriation."

"All have sinned," the evangelist said. "Christ died as our substitute. We must by faith appropriate His death and sprinkle the blood. This is the gospel. You are condemned, my brother, but the blood of Christ has been spilled for you. By faith sprinkle it as the Israelites sprinkled the blood of the slain lamb on the doorstep. It will avail you nothing that it has been shed if it be not sprinkled."

## LODGE MAY REBUILD HOME

Likely K. of P. Building, Which Burned at Milroy Will be Replaced

Prospects are that the K. of P. building, which was destroyed by fire at Milroy early Wednesday morning, will be rebuilt although definite action will not be taken until the lodge meets.

The Milroy bank, which was located in the building has obtained another room temporarily, and Meek and Spillman's store, also in this building, probably will not be reopened. Mr. and Mrs. Ed Fisher, in whose building the fire started, expect to return to their old home in Kentucky. Schlosser Bros. and Mills and Wilson, shoe repairers, are both seeking locations in Milroy. They were in the Fisher building.

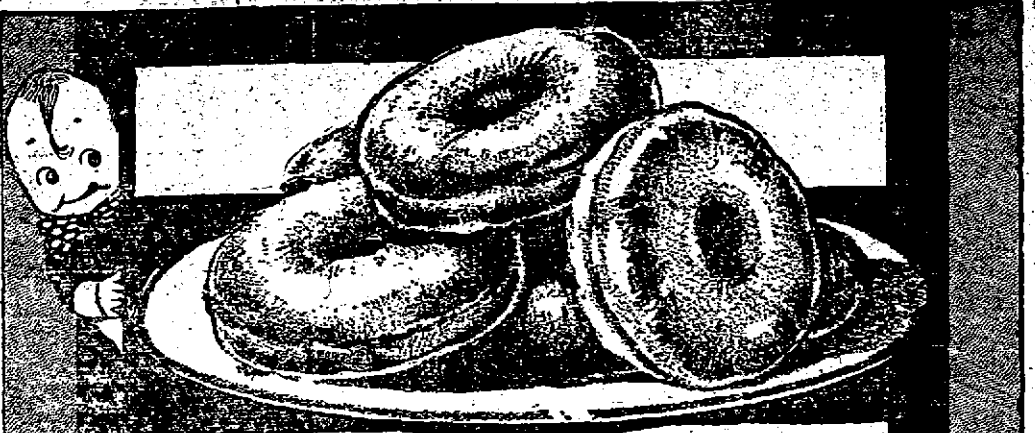

## MEETING WELL ATTENDED

Forty at Session of Washington Township Farmers

The Washington township farmers held a fine meeting last night in the town hall at Raleigh. The attendance numbered forty, which was considered excellent because of the condition of country roads. M. F. Detrick, county agent, was present and gave a talk on fertilizer, but no direct action was taken at the meeting. Cigars and apples were served and plans made for a pitch-in dinner of the township organization on February 13. At this time a campaign will be launched for new members, and a program will be arranged, which will include a speaker from the state organization.

## TO PREVENT SPREAD

Fort Wayne, Ind., Jan. 23.—With eleven cases of influenza reported, Mayor Cuthill has called a special meeting of the city council to provide means to prevent spread of the disease.

Never in the world were there doughnuts like Calumet doughnuts. In no others will you find that toothsome, tender goodness. It's the same with all bakings.

**CALUMET Baking Powder**

Makes Most Palatable and Sweetest of Foods

Never tough—soggy—bitter. Never anything but the very best—light, flaky, wholesome—good to eat and good for you, because this 30 year favorite of leaveners is absolutely pure in both can and baking. Leaves no harmful residue. Contains only such ingredients as have been officially approved by United States Food Authorities.

Made in the largest, cleanest, most modern Baking Powder Factory.

Highest quality—most dependable Baking Powder—ordinary leavening strength—therefore you use less. You save materials it is used with—never fails.

Order today. Improve the quality of your bakings. Reduce baking costs.

**BEST BY TEST**

Remember when you buy Calumet, you get a full pound, if you want it. 16—not 12 ounces.

3 pieces of double fold fancy dress plaids, 40c value, a yard	.29c
5 pieces 42 inch fancy dress plaids, \$1.25 and \$1.00 values, a yard	.83c
85c Hair-line stripes in navy, myrtle, brown, cardinal and black, a yard	.69c
5 pieces fancy all wool French flannels, 90c value, a yard	.59c

## Fine Corsets

Dainty, delectable corsets of the finer kind. This is a sale of extraordinary importance in view of the fact that prices are scheduled to advance far above the present rate in the spring.

The corsets that we are placing at your disposal are in fact worth more than the original price, but since the materials from which they are made are not now obtainable, they are just as undesirable to us as though they were out of style. The values are exceptionally good.

\$4.00 Corsets will sell for	\$2.45
\$5.00 Corsets will sell for	\$2.95
\$6.00 Corsets will sell for	\$3.95
\$8.00 Corsets will sell for	\$4.95
65c and 59c Brassieres in a big selection of styles now	.49c

## Warm Coats For School Girls

We are showing an extensive assortment of good coats for girls from 7 to 16 years of age. They are not cheaply made nor are they made from cheap materials, but are fashioned with the same care that our ladies' coats are.

# THE MAUZY COMPANY

RUSHVILLE, INDIANA

The meeting of the Chit-Chat club which was to have been held this afternoon at the home of Mrs. J. V. Young, has been postponed indefinitely.

\* \* \*

About fifty people attended the K. of C. card party in the Knights of Columbus hall in West Second street yesterday evening. Those present enjoyed the hours playing euchre.

\* \* \*

Mrs. O. M. Dale was hostess for the Pirate Bridge club yesterday afternoon at her home in North Main street. The eight guests present spent the afternoon over the card tables playing Bridge and at the close of the playing dainty refreshments were served.

#### YOUNG DAUGHTER DEFENDS SMITH

Continued from Page One

Smith, and sister of Gladys Smith, took the stand, in defense of her father.

Her testimony was contrary to what she told the grand jury when she was before them a few weeks ago. She denied she told the grand jury that her father had made approaches toward her. She also denied telling the grand jury and Mrs. Cora Stewart in whose custody she was placed in Rushville, that her brother Harry Smith, had been in-

timate with her.

Several residents in the Hilligoss neighborhood testified they had seen Cline and the Smith girl by themselves.

The defense with all witnesses has endeavored to prove that the entire case was framed by Cline and Miss Smith against her father. The letter sent to Stevens stated that "Cline had decided to settle down and live with his wife and would not get a divorce," and continuing it said, "and I will stay here and live a straight life," meaning that she would remain in Lynn, Ind.

Following Miss Smith's testimony yesterday afternoon, Mrs. Ora Cline

was called on the stand as a witness for the state. Mrs. Cline testified that she and her family accompanied her husband and Miss Smith whenever they made trips together.

She stated that Miss Smith made her home part of the time at their residence and assisted in housework, for which she received pay.

Mrs. George Craig of this city, sister of Walter Smith, was the next witness for the state. She told the jury that she was familiar with the previous trouble of Miss Smith and went to Indianapolis after her when she was discharged from the Good Faith Sanitarium.

Mrs. Craig stated that was three years ago and she talked with the girl about her future behavior. Before Miss Smith gave birth to the child in Indianapolis Mrs. Craig spoke to her in an effort to ascertain who was the father was. The witness stated, and was told that it was one of three boys, but not the girl's father.

Miss Smith when she testified stated that she was threatened with her life by her father if she should ever tell anyone concerning their intimate relations.

Miss Smith's mother, Mrs. William J. Lewis, now residing in Glenview, Ill., was next called on the stand as a witness for the state.

Mrs. Lewis was divorced from Smith in January 1919 in the Payette county circuit court, after having been refused a divorce here in 1915.

She testified to the fact that her former husband was exceedingly affectionate with the daughter, and as the girl grew older, Mrs. Lewis told him that he should change his attitude as it would have a bad influence over the girl.

Mrs. Lewis was the last witness for the state and the defendant, W. S. Smith, took the stand about three o'clock.

Smith told a long story and at all times denied the charges, stating that he knew his daughter was not living a proper life, but that he was warned eighteen months ago by her that she would kill him, if he ever had her arrested.

Smith broke down several times and cried during his narrative, and on one occasion his daughter stood erect, with her eyes flashing as if she would dispute his story.

Smith repeatedly charged Ora

Cline with having induced his daughter to do wrong and told of one occasion in which his daughter drew a gun on him. She stated that she was going to the school house dance with Cline, and her father told her she was not going. He said that he would follow her and as she started she drew a gun in his face.

He told the court that he distinctly saw and heard Cline in the road outside of his house.

Smith was still on the stand last night when court adjourned and his story was taken up this morning where he left off last night.

#### 2,000 NEW CASES IN 24 HOURS

Chicago, Ill., Jan. 23.—Chicago health officers declared today that the shortage of nurses hampered their fight against the influenza epidemic here. Approximately 2,000 new cases were reported in the last twenty-four hours ending early today.

#### PASSENGERS TRANSFERRED

New York, Jan. 23.—A wireless message from Captain Randall of the disabled transport Powhatan received here today indicated further trouble may be expected unless a tow vessel with heavier gears than the one being used is sent to her aid. The 271 passengers of the Powhatan were transferred to the Southern Pacific late last night.

#### SMALL Y. W. C. A. IS COMMUNITY CENTER

Recreation for Girls Is Important Feature of Work.

Fifty-two young women in the United States are known as Y. W. C. A. "town secretaries." All of which means that the fifty-two are organizing recreation work for girls and for the community at large in towns of less than 10,000 inhabitants.

The Y. W. C. A. may be in one rented room or more. It may be a whole building, but at any rate there is a recreation room and if possible a kitchen, reading and writing rooms. If the Y. W. C. A. has a building of its own it becomes a community center, where all women's organizations may meet.

## A Woman Is As Old As She Looks

No woman wants to look old. Many in their effort to look youthful resort to the "beauty doctor." Their mistake is that they visit the wrong department in the drug store.

Beauty depends upon health.

Worry, sleepless nights, headaches, pains, disorders, irregularities and weakness of a distinctly feminine character in a short time bring the dull eye, the "crow's feet," the haggard look, drooping shoulders, and the faltering step.

To retain the appearance of youth you must retain health. Instead of lotions, powders and paints, ask your druggist for Dr. Pierce's Favorite Prescription.

This famous medicine strikes at the very root of these enemies of your youthful appearance. It makes you not only look young but feel young. It overcomes the weakness and builds you up.

Your druggist can supply you with liquid or tablets; or send ten one-cent stamps to Dr. Pierce's Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and a trial pkg. of the tablets will be mailed to you. Dr. Pierce's Favorite Prescription has been in use 50 years.

If you wish to know all about yourself, drop a line to Dr. Pierce for free pamphlet on Diseases of Women. Should you desire to consult his medical staff of physicians or ask for information the same will be cheerfully furnished you wholly without cost and your letter will be treated as sacredly confidential.

### His Medicine Recommended by a Doctor

When a doctor uses a medicine himself besides prescribing it to his patients, he must know that it has merit. This is what Dr. J. H. Wagner, a prominent physician of Skates, Kentucky, has to say about Dr. Hartman's well-known remedy, PE-RU-NA: "I have used PE-RU-NA myself for catarrh and have given it to others for catarrh, bloating after eating and other ailments. It has proved a success in all cases with old and young men and women. All speak well of PE-RU-NA. It is the best of all tonics."

Dr. Wagner, out of the fullness of his own personal experience, for the good of all sick and suffering, recommends a medicine which he knows to be good. You may be sure a doctor would not endanger his professional reputation by endorsing PE-RU-NA unless satisfied beyond a doubt of its value.

Whether your trouble be a cough or a cold, or a more subtle catarrhal affection of the stomach, bowels or other organs, give PE-RU-NA a trial. The immediate improvement which you will see will satisfy beyond a doubt that PE-RU-NA is what you need. PE-RU-NA may be purchased anywhere in tablet or liquid form.

**DR. J. H. WAGNER**

### WILLARD BATTERY

**THERE'S** only one kind of service here, and that is the sort we'd look for if we stood in your shoes. We serve as promptly as we would ask to be served. We give the sort of advice we would value as to battery care. We make repairs as carefully as we would ask to have them made.

## "U." COMPILING WAR RECORDS OF ALUMNI

### Register Will Include Veterans of Civil War, Many of Whom Are Still Living.

One of the interesting things in connection with the world war service register of Indiana University alumni and former students, which is being compiled by the office of H. M. Barbour, the alumni secretary, is the record of the Civil War veterans who are still living.

Alva Johnson, of Evansville, Ind., graduated from the university with the class of 1849. He reached 94 years of age Nov. 15 and is still hale and hearty. He was, of course, past thirty at the time of the Civil War. He was appointed provost marshal by President Lincoln in the last year of the war.

Samuel H. Weed, of Monmouth, Ill., served as a private in Company K, the 133rd Regiment, Indiana Volunteer Infantry. He graduated from the university with the class of 1864. He was on duty at Bridgeport, Ala., guarding warehouses, steam boat landings, and the bridge across the Tennessee river. His brother, James A. Weed, who attended the university with him, was in the battle of Mill Springs and died in the hospital at Lebanon, Ky., in February, 1862.

John David Alexander, of Springfield, Ind., graduated with the class of 1861. He was wounded in the right hip by a musket bullet in the assault on Kennesaw Mt., Ga., June 27, 1864. He went with Sherman's army to the sea and was commissioned as captain of Company D, 97th Regiment, Indiana Volunteer Infantry, Savannah, Ga. He was appointed acting assistant inspector general of the second brigade, first division, fifteenth army corps, by Gen. John A. Logan, and served as such on the staff of Gen. Robert F. Patterson until mustered out of service in 1865, after having served in the battles of Jackson and Vicksburg, Miss., Missionary Ridge, Tenn., Resaca, Dallas, New Hope Church, Kennesaw Mt., Atlanta, Savannah, Ga., Columbia, S. C., and Bentonville, N. C.

Ransom E. Hawley, Terre Haute, Ind., who graduated from the university in 1866, served as a private in the 78th, 115th, 133rd Indiana Infantry. He was wounded Sept. 1, 1862, at Uniontown, Ky. Although a private he acted as adjutant of the 111th Indiana Infantry during the Morgan Raid.

Winfield S. Hunter, Jasper, Ind., who graduated from the university in 1875, entered the army as a private at the age of 15 with Company L, 13th Indiana Cavalry. He was in the army of the Cumberland and fought in the battle of Nashville, Tenn., the siege of Mobile, Ala., and the storming of Fort Spanish and Fort Blakely, Ala. He was with Gen. Greilson on his great raid—sixty-eight days in the saddle without going into camp. In the war with Germany, Mr. Hunter served as the U. S. Appeal Agent for his county.

Nelson J. Bogarth, Valparaiso, Ind., who took the L. L. B. degree from the university in 1872, entered the army at the age of 14. He was wounded twice; once in the left arm and once in the left leg.

Dr. Wm. H. Lemon, Lawrence, Kansas, of the class of 1864, served as the surgeon of two Indiana regiments—the 54th and 52nd. He was a prisoner of war in the old Libby prison for three months.

Joshua Howe Watts, of San Pedro, Cal., of the class of 1857, was a major and brevet lieutenant colonel. He served seven years in the army without a single day's leave of absence.

Argus D. Vanarsdal, of the class of 1871, now living in Madison, Ind., enlisted as a private in Company A, of the 3rd Indiana Cavalry, July 4th, 1861. He was promoted to captain in 1862; later discharged for disability, he re-entered the army in 1865 as a first lieutenant, and served until the end of the war.

Col. Nathan Ward Fitzgerald, Los Angeles, Cal., although 74 years of age when the war with Germany began, was active enough to raise a company of 150 volunteers with whom he offered his services. He was turned down on account of his age, although he offered to stand a physical examination and test to prove that he was as sound and able to do military service as he was when he volunteered as a soldier in 1863.

The foregoing is presented as an incomplete list of surviving members of the alumni who form a good part of Indiana University's military record. The university's record in the world war is now being compiled for permanent preservation and the two lists go to show that Indiana's great school for the teaching of liberal arts is also considerable of an instructor in good old-fashioned American patriotism.

**Some Degrees Overlooked.**  
The trustees of Indiana University have just granted degrees to fifty-six students, chief of the degrees being "bachelor" honors in art. A university wit rises to remark that the trustees do not seem to be anxious to award any "old maid" degrees.

### With The Churches

—Arlington Methodist: Bible school 9:30 a. m. The newly elected officers will begin their duties in earnest. Preaching by the pastor 10:30 a. m. and 7:00 p. m., following the Epworth League meeting at which new officers will be announced.

—United Brethren church—Sunday school Sunday morning at 9:30 o'clock, with Ray Edwards superintendent, and preaching by the pastor at 10:30 a. m. and 7 p. m. Midweek prayer meeting at the church Wednesday evening at 7:30 o'clock. All are cordially invited to these services.

—First Baptist church—Order of service for next Sunday to which the public is invited: Sunday school at 9:30. Public worship at 10:45 a. m. and 7:00 p. m. Subject for the morning sermon, "Ambassadors for Christ." Theme for the evening sermon, "Some Thing For Which We Should Labor."

—Services at St. Mary's Catholic church Sunday are as follows: Communion at 6 o'clock; Low Mass at 8 o'clock; High Mass, 10 o'clock; Instructions at 2:30; Vespers and Benediction at 3 o'clock. Week-day Masses at eight o'clock, with the Rev. Father Francis Schaub in charge.

—The unified service of the Main Street Christian church commences at 10 o'clock with one hour for Bible school. At the preaching period the pastor will speak on "Israelites Indeed." At the evening hour his subject will be "Our Father's Will." Thursday evening service at 7:30. At the Sunday evening hour orchestra and chorus choir.

—Salvation Army church—Evangelistic meeting tonight at 7:30 o'clock. Open air meeting Saturday night. Sunday morning Holiness meeting at 10:30 a. m.; company meeting at 2 o'clock; praise meeting at 3:15 o'clock; at seven o'clock a memorial meeting for Mrs. Alpha Harding. At 7:30 p. m. a great Salvation meeting conducted by Evangelist Joseph Wainwright. Meetings will continue every night next week.

—Sabbath at the First Presbyterian church will be an important step in preparation for the special services which will begin February 8. The subject of the morning message will be, "Won by One." In the evening the pastor will speak on, "Seen Through the Master's Eyes." Both of these messages will be worthy of thoughtful attention and members are urged to be present. Bible School will be held at 9:30 sharp, with classes for all. The public is cordially invited to all these services.

—The services at the St. Paul's Methodist Episcopal church for Sunday will be as follows: Sunday school at 9:30, regular morning worship at 10:30, "The Promises" being the topic by the pastor, the Rev. C. S. Black; Junior League at 2:30 and Epworth League at 6:00 with Charles Todd as leader. The evening services will be at 7:00, the subject being, "Unsearchable Riches." Regular mid-week prayer meeting will be held Thursday night at 7:30. The public is cordially invited to attend these services.

—At the First United Presbyterian church, the Bible school will meet at 9:30. At 10:15 the congregation will observe the Sacrament of the Lord's Supper. All those who have been received into the membership of the church in the evangelistic campaign, which is just closing, are asked to be present. The Sacrament of Baptism will be administered to those desiring it, and all new members will be publicly welcomed into the church. The Young People will meet at 6 o'clock. The lesson will be concerning "Christian Stewardship." The pastor will preach at 7 o'clock, on the subject, "Now is the Accepted Time." All are invited to these services.

### Old Folks Should Watch Colds

IF YOU have passed middle age, you should be careful to keep from letting a bad cold develop into something serious like the flu. Stop every cold before it gets a start. You can feel perfectly safe if you keep a package of **LIGHTNING LAXATIVE QUININE TABLETS** Will Not Grip or Sicken.

With you, and take them when you feel a cold coming on. Thousands of particular people have found them a perfect remedy for colds, mild forms of the grippe, etc. Will not grip or sicken. Stop your colds at once. They cost only 25 cents a package.

## WORKS HARD TO AVERT FLU EPIDEMIC

**Government and City Health  
Officials Warn People to  
Keep Clean.**

**Stay Away from People with  
Coughs and Colds.**

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day, including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can go the same.

Pour three-quarters of an ounce of Mentholized Arcine into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcine in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

**MILLER & KEMPLE, Auctioneers.**  
Lunch to be served by the Ladies of Little Flatrock Christian Church.

### AMUSEMENTS

#### Last Time For Reid's Picture

The gust of wind that blows Wallace Reid's bat over a high wall in "Hawthorne of the U. S. A.," the picture which will be shown for the last time at the Princess tonight, brings romance in its wake. For athletic Wallie leaps over the barricade after his lid and there on the other side is a girl who wins his heart at once. The picture concerns the star's adventures in a mythical little kingdom of Europe called Bovinia where he quells a revolution and introduces American methods into the antiquated country with such fine success that the old king turns the monarchy into a republic and leaves Wallie free to marry the Princess of his choice. Lila Lee is charming in her role of the Princess and Harrison Ford, Tully Marshall, Theodore Roberts, and Charles Ogle are also in the cast. The picture, which is a Paramount-Artcraft, was directed by James Cruze.

#### "The Trap" at The Mystic

"The Trap," adapted from the story by Richard Harding Davis and Jules Eckert Goodman, with Olive Tell in the leading role, is showing at the Mystic theatre today, and tomorrow Harold Lloyd will be seen in a comedy, "Just Neighbors" and Harry T. Morey will appear in "The Man Who Won."

The element of mystery is well sustained throughout the play and the ending comes as a surprise. The story deals with a man who has struggled through Russia, fought half way around the world to save the fruits of years of labor only to lose his memory and fall into the hands of a powerful and subtle enemy. The treasure is hidden on the coast of Oregon. A young girl, Barbara LeMoine, can give the clue to its resting place; but does not care to disclose it to spies and traitors to her country. The fight begins and the questions arise "who will win?" and "who is the spy?" The cast includes Maurice Costello, Betty Blythe, Bernard Siegel, Robert Gaillard and Denton Vane.

### STOMACH UPSET?

**Get at the Real Cause—Take  
Dr. Edwards' Olive Tablets**

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles. Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 10c and 25c.

## INDIANA TEAMS EXTRA STRONG

**Heze Clark Says That Em-Roes are  
Still Good But There Are Also  
Others Very Good**

### STRONGEST IN MANY YEARS

**Basketball Material Seems to Have  
Reached its Highest Point This  
Year From Outlook**

By HEZE CLARK  
(Written for United Press.)

Indianapolis, Ind., Jan. 23.—It would appear that the famous Em-Roes basketball team which has long held the independent championship of Indiana is slipping. This is not true. Al Ferney, the old Notre Dame star is as good a guard as ever. Berndt is just as fast. Smith still is a wonderful center and Kline and Schoeneman are still clever goal shots.

De Pauw beat the Em-Roes eleven points and Purdue also beat Feeney's team. Purdue in turn dropped a game by a 27-22 score to the Knights of Columbus team at Fort Wayne. That victory makes the K. of C. quintet loom up as a contender for the independent championship with even a stronger claim than the Em-Roes.

A glance at the basketball situation leads to the conclusion that in Indiana this year there are some of the strongest basketball teams in the history of the sport.

Two college teams attracting attention in Indiana now are DePauw and Wabash.

Wabash always has had strong basketball teams. This year appears to be no exception to the rule. A victory over Purdue gave Wabash a high ranking among the college teams. Earlham at first looked a contender until it met defeat in the Rose Poly game at Richmond. Critics in this part of the state are saying "Look out for DePauw."

It would appear that the college teams this year may be grouped into three classes—subject to change at any time. In the first class would be DePauw, Wabash, Purdue and Indiana. In the second would be Rose Poly, Earlham, Franklin and Notre Dame and Valparaiso. In the third would be Indiana state normal, Indiana Dental, Butler, Hanover and St. Joseph college. These groups are named on the showing of the teams so far this season.

While there may be a lot of supporters of the various independent basketball teams who may not agree with the writer still two quintets seem to lead all other independent teams in Indiana are the Indianapolis Em-Roes and the Ft. Wayne K. of C. team. The fans would like to see those teams meet.

While the district tournaments of the high schools of the state are many weeks distant, A. L. Trester, secretary of the Indiana High School Athletic association, has been busy in arranging for officials to handle the games at the various centers. There is one thing that Mr. Trester always has been careful of, and that is to obtain the services of outside men who are fast in covering the floor and know how to officiate a basketball game. That has caused the tournaments to always be a success.

COUNTY NEWS

Arlington

Protracted meetings are being held at the Christian church here. Miss Lillian Lee is ill with the scarlet fever.

J. F. Downey is confined to his home with an attack of indigestion. Mrs. Art Winslow and Mrs. Owen Long were Indianapolis visitors Monday.

Frank Lawrence, Charles Ennis and Oral Adams were business visitors at Indianapolis Friday.

Lee Silvers has purchased the property of Mrs. Rucker, located in the new addition.

Mr. and Mrs. Claude Miller of Connersville spent Sunday with Mr. and Mrs. Gus Smith.

Mrs. John Lawrence is improving after a several weeks illness.

Miss Ruth Williamson is assisting Mrs. Frank Crim of Rushville in the dressmaking business.

BAD COLD GOT YOU?  
FEELING GRIPPY?

Dr. King's New Discovery soon starts you on the road to recovery

ONCE tried, always used. That's a trite expression, but one never more applicable than it is to Dr. King's New Discovery. You will like the prompt, business-like way it loosens the phlegm-congested chest, soothes the tortured throat, relieves an old or a new cold, gripple, cough, croup. The kiddies can take it in perfect safety, too. No bad after-effects. Standard half a century. 60c and \$1.20 a bottle. At your druggist.

Don't Continue Constipated

Don't let your bowels bulldoze your system. Make them function regularly—keep the body cleansed of waste matter with Dr. King's New Life Pills.

Biliousness, sick headache, sour stomach, indigestion, dizziness, furred tongue, bad breath—think of the embarrassments and discomforts traceable to constipation. How easily they're rectified by the occasional use of Dr. King's New Life Pills. Move the bowels smoothly but surely. Try them tonight. All druggists—25c. as usual.

Combination Sale

Saturday, Jan. 31

We will start a Combination Sale at what is known as the George Smalley Barn, on East Second Street and if you have anything to sell you can put it up at our sale, but let us know this week, so we can put same on our list in the paper next Monday morning in order to get it advertised one week before the sale. We are going to try to run this sale on 3 per cent and pay all expenses. If you have hogs or cattle we have pens and everything fixed for that purpose. If you have hay or corn you want to sell, bring a sample of same in day of sale.

## Watch the Little Pimples They are Nature's Warning

Unhealthy and Disfiguring Skin

Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they develop into boils, blisters, and other skin disorders that burn like flames of fire. They mean that your blood needs S. S. S. to purify it and cleanse it of these impure accumulations that can cause skin trouble. This remedy is the greatest vegetable blood purifier known, and contains no minerals or chemicals to injure the most delicate skin. Go to your drug store, and get a bottle of S. S. S. today, get rid of those unsightly, disfiguring pimples, and other skin irritations. It will cleanse your blood thoroughly. For special medical advice free, address: Medical Director, 41 Swift Laboratory, Atlanta, Ga.

## HOW

## A HORSE TALKS

If horses could talk, we would get a few of these dumb beasts around us to help sell the "Rushville Special" Spread. If these dumb beasts could speak the human language, horses would be the best advertisements we have.

A man who thinks anything of his horses, can't help liking this spreader. If he will once mount the seat and put his horses in front of him and see them work in the modern three-horse hitch. With this equipment every horse travels without the least side draft, not a tug pulling a bit out of line. Each horse pulls exactly one-third of the load. If horses could talk, this is the spreader they would choose.

When the "Rushville Special" Spreader goes into the field with a big load, there is hardly a bit increased draft on the horses when it begins to spread, and every foot of load that leaves the machine decreases the draft in proportion. Something that cannot be said of any other spreader on the market.

The fact that this spreader will turn in a short circle distributing at full feed a difficult load, proves that the traction is at least 100 per cent in excess of the average requirements. This means scientific handling of difficult material, because if the draft is on the beater wheel the horses will feel it. The time that a spreader becomes a horse-killer is when it is partly unloaded and the packed condition of the load clogs the beater wheel—something that never happens with our machine.

If horses could talk they would choose this spreader, because the wheels are mounted UNDER the load, and the front and rear wheels are close together. This means light draft—something that horses like.

## PAN AMERICAN FINANCIAL CONFERENCE ENDS

Delegation to Financial Conference  
Will Start on Tour of the Country  
Monday

### VISIT COAL AND IRON FIELDS

Shipping Board Chairman Speaks on  
Ocean and Land Transportation  
Facilities Today

(By United Press.)

Washington, Jan. 23—The Pan American Financial Conference held its closing session here today.

Chairman John Barton Payne of the Shipping Board, speaking on "Improvement of Ocean and Land Transportation Facilities", outlined the board's policy on its "South American steamer passenger service. Tomorrow Latin American delegates will be taken on a visit to the Naval Academy at Annapolis, and to the Hog Island shipyard.

Monday, each delegation will start on a separate tour of the country as guests of leading American business men. Their tour will include visits to coal and iron fields, cotton districts, railroad centers, steel plants, and fruit and grain growing sections.

Curbing of monopolies by an International Trade Commission, was urged by Huston Thompson, federal trade commissioner, speaking at the conference.

Pointing out the success of the Federal Trade Commission in halting activities of "trusts" in price boosting and unfair trade methods, Thompson said there is need of an international body to prevent a trust in our country from unfair dealings in another country.

"As the world began to fight its way out of the miasma produced by war, it discovered that monopoly was occupying the seats of the mighty and trying to justify its right to them," said Thompson. "Reports from legislative halls and the decorations in trade journals of the nations demonstrate this."

Great Britain, Denmark, Canada and Argentina, he said, are preparing to battle monopolies, by cutting trade commissions.

"The spirit of fair play in trade must be reciprocal. American competitors may police each other in your countries," Thompson said, in explaining the benefits to be secured from such an international body. "Our Federal Trade Commission will be in duty bound to unpire their actions. After each nation has its own trade commission to follow its competing exporters there is a final step to be taken."

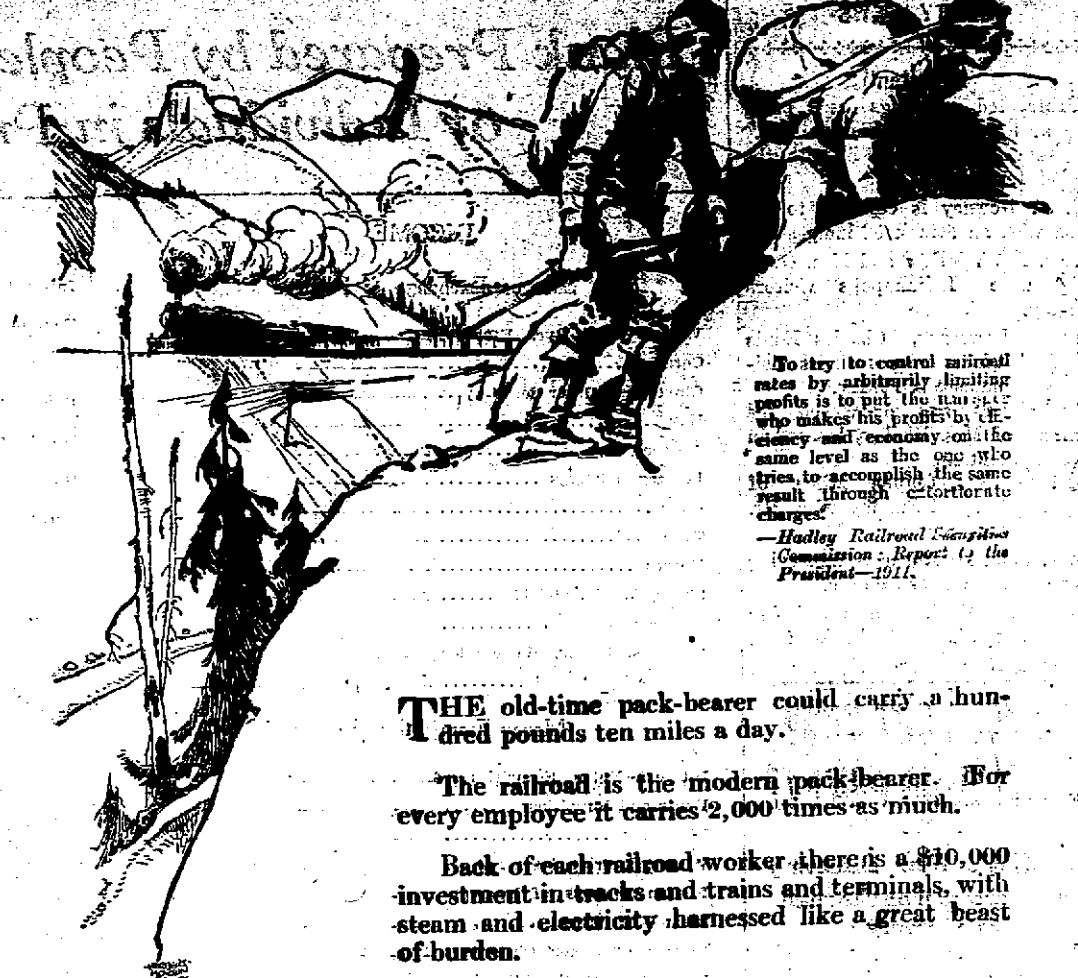

Thompson suggested the establishment of commissions in each country along the lines of the Federal Trade Commission in this country, and the merging of all of them into an international body, which would keep watch on trusts in all countries and where it would be possible for an individual commission to act, it would, but failing to be able to do so, would report to the international body composed of representatives of each country, which would make an investigation and publish its findings. Until legislation was enacted, the international body would have no means to enforce its finding except through a system of "pitiless publicity" which might have its effect in securing the legislation needed.

## Acid Stomach Makes 9 Out of 10 People Suffer

Doctors believe that more than 90 per cent of the people suffer from acid stomach. It is the most common ailment of the day. It is the cause of indigestion, heartburn, gas, and many other troubles. It is the result of an excess of acid in the stomach. It is the cause of many of the most common ailments of the day. It is the result of an excess of acid in the stomach. It is the cause of many of the most common ailments of the day. It is the result of an excess of acid in the stomach.

## EATONIC

Notice is hereby given that the undersigned has been appointed by the Clerk of the Circuit Court of Rush County, State of Indiana, Administrator of the Estate of Clara A. Gartin, late of said County, deceased. Said estate is supposed to be solvent. Dated January 8, 1920. Attest: LOREN MARTIN, Clerk. JAIL CLERK, Attorney at Law, Rush County, Indiana, January 9, 1920.

To try to control railroad rates by arbitrarily limiting profits is to put the man who makes his profits by efficiency and economy on the same level as the one who tries to accomplish the same result through tortuous charges.

—Hadley Railroad Savings Commission Report to the President—1911.

**THE** old-time pack-bearer could carry a hundred pounds ten miles a day.

The railroad is the modern pack-bearer. For every employee it carries 2,000 times as much.

Back of each railroad worker there is a \$10,000 investment in tracks and trains and terminals, with steam and electricity harnessed like a great beast of burden.

Without this mighty transportation machine the railroad worker could do no more than the old-time packer. But with it he is enabled to earn the highest railroad wages paid in the world, while the country gains the lowest-cost transportation in the world.

The modern railroad does as much work for half a cent as the pack-bearer could do for a full day's pay.

The investment of capital in transportation and other industries increases production, spreads prosperity and advances civilization.

To enlarge our railroads so that they may keep pace with the Nation's increasing production, to improve them so that freight may be hauled with less and less human effort—a constant stream of new capital needs to be attracted.

Under wise public regulation the growth of railroads will be stimulated, the country will be adequately and economically served, labor will receive its full share of the fruits of good management, and investors will be fairly rewarded.

*This advertisement is published by the  
Association of Railway Executives*

Those desiring information concerning the railroad situation may obtain literature by writing to The Association of Railway Executives, 61 Broadway, New York.

## PECULIAR MURDER CASE WILL START

Slaying of Mt. Clemens Man Who Was Killed in Automobile, Involves Several People

HIS CLOSE CHUM INDICTED

Circumstantial Evidence Will Have to be Used to Show That He Was Guilty of Crime

(By United Press.)

Mount Clemens, Mich., Jan. 23—Lloyd Prevost, 20, was to appear before Justice Gawn here today for preliminary hearing on the charge of slaying his chum, J. Stanley Brown, eccentric Mount Clemens resident.

It was expected attorneys for the defense would announce a discovery of important evidence bearing on the case tending to clear Prevost. Careful investigation has been conducted by the defense since Prevost was definitely charged with the crime.

While investigators refused today to comment on the result of this probe, they intimated the evidence shifted the blame for the slaying to other shoulders.

The bullet-pierced body of J. Stanley Brown was found slumped over the wheel of his automobile on a lonely patch of the Utica road near here the morning of Dec. 24. It was believed he had been killed shortly before midnight.

For a time clues were few. Lloyd Prevost was known to have been a close friend of Brown and also to have been friendly with his cousin, Mrs. Ruth Brown, the victim's wife. He and Mrs. Brown were both detained for questioning but later were released because of "lack of evidence."

Mrs. Brown was permitted to attend her husband's funeral the day after Christmas in the custody of an officer.

Macomb county authorities were apparently making little headway with the investigation and Attorney Gen. Groesbeck entered the inquiry. A week later he announced Cecil Beatrice Vester, a Battle Creek girl charged definitely with the crime, was not guilty.

The next day Prevost was arrested and charged with slaying Brown. He stood mute when arraigned.

At no time has the state divulged the evidence gained by Groesbeck as secret inquiry on which Prevost will be prosecuted.

### CREDIT MEN MEET

Muncie, Ind., Jan. 23—The Indiana Credit association opened its fourth annual state conference here today. One of the biggest problems before it was the task of bringing the national convention of credit men to Indianapolis in 1921. About two hundred persons were expected to attend the meeting today.

### Yellow Mustard for Sore Throat, Tonsillitis

Old fashioned remedies are often the best. Yellow Mustard, in the form of plaster or poultice, has been used for generations for soreness, inflammations, congestions and swellings with the most excellent results but — it blistered.

Heat eases pain and Beggs' Mustarine made of pure yellow mustard, together with other pain relieving ingredients, is just as hot, but quicker, cleaner and more effective and cannot blister.

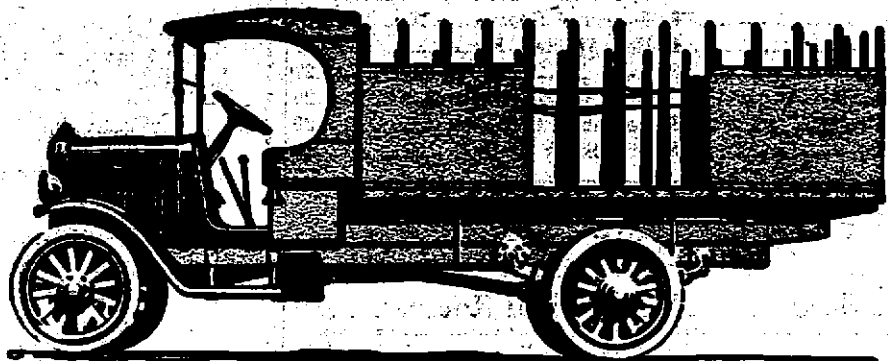

When your throat is sore, when you have pleurisy, bronchitis or a pain-shooting chest cold you can get speedy and lasting relief with this most effective preparation because heat eases pain. Every druggist has it — 30 and 60 cents at druggists or by mail, S. C. Wells & Co., LeRoy, N. Y.

## REDS AND POLES MAY FIGHT IN THE SPRING

Military Experts in Washington Look for a Bitter Attack Against Poles This Year.

MAY INVOLVE INDIA TOO.

Washington, Jan. 23—A terrific offensive in the spring by the Bolsheviks against the Poles is expected by military experts here today.

This drive will be a calamity to Poland which will make her a buffer state between the Red Russians and non-Soviets of the other European countries.

It is also thought that the Reds will stage major demonstrations against India in the summer, which will force the British to take their troops from Russia to India. The Reds believe they will enter the drive in a "Tired of War" spirit and will prevent the people supporting their governments in the fight against Bolshevism.

Winston Churchill, British war minister, has seen the peril and is trying to persuade Premier Lloyd George to take steps to prevent the offensive by taking an aggressive stand against the reds.

### WILL NOT CENSURE SIMMS.

Washington, Jan. 23—By a tie vote of 31 to 31 the senate refused to take up the resolution ordering the Hale sub-committee to employ counsel in the investigation of the navy department brought about by Admiral Simms' letter to Secretary Daniels. The senate also by a vote of 33 to 30 declined to take up Senator Walsh's resolution to censure Admiral Simms for making false statements.
